You can hear something in the crystal ball
You feel the unknown strong powers
Now the soul of warriors opens the gate
You can see something in the crystal light
You feel the reborn fight of fire
Now the gate of dreams opens to this world

Bewitched, your prayer has reached gods of battle
So, Heavy Metal men of steel offered sacrifice
The witches, Other gods, Demons, Beasts, Everyone
blesses
Heavy Metal bell of steel tells the new battle

Warriors, Warriors, Warriors, Warriors, Warriors ride
on the chariots
Warriors, Warriors, Warriors, Warriors, Warriors ride
on the chariots

With wild black horses
With wild white horses
They'll turn over one page of glory
Anthem of brave men
Victory to the battle axes
They'll bring the flag onto the top of the hill

Bewitched, your prayer has reached gods of battle
So, Heavy Metal men of steel offered sacrifice
The witches, Other gods, Demons, Beasts, Everyone
blesses
Heavy Metal bell of steel tells the new battle

Warriors, Warriors, Warriors, Warriors, Warriors ride
on the chariots
Warriors, Warriors, Warriors, Warriors, Warriors ride
on the chariots

Warriors, Warriors, Warriors, Warriors, Warriors ride
on the chariots
Warriors, Warriors, Warriors, Warriors, Warriors ride
on the chariots
