Moon on the rise and it's almost midnight  
Close the windows and turn on the lights  
It's time for the DJ start to play

The lights are moving Margaritas in my hand  
People are coming everybody start to dance  
Drop that beat everything feels Ok

You can't make me go away  
I have no place else to stay  
I'll be here the whole night

In this place my fears go away  
I feel so happy in my own way  
I'll be here the whole night

As long as this stays all right  
I'm dancing like there's no tomorrow  
I'll keep the world out of my head

As long as we stay like this  
I'll play like I'm supposed to play  
The dancefloor will be my life

Moon on the raise and the storm comes  
Baby you should've kept it you panties  
cause you ain't home  
I feel like living large  
You never gonna hear me say  
I can't stand I can't stand I can't stand

I always knew that I belong here  
Wanna spend the night, quite, light  
baby I don't wanna start a fight  
Just wanna dance like there's no tomorrow  
I wanna play hard, play hard, play hard

You can't make me go away  
I have no place else to stay

I'll be here the whole night

In this place my fears go away  
I feel so happy in my own way  
I'll be here the whole night

As long as this stays all right  
I'm dancing like there's no tomorrow  
I'll keep the world out of my head

As long as we stay like this  
AI'll play like I'm supposed to play  
The dancefloor will be my life

Get to the club go spend ur money  
Get it up and down it's your night and you own it  
Shake that thing and make it naught  
Rock your shine body like you own the party  
It's New York in the morning and LA at night  
Gotta have some Goose before I catch my flight  
Here's my jet yeah I own it like I own the sky  
I have a drink in my hand and that makes me fly

All night, all right, I don't miss a thing  
High mile club and I'm with my team  
Not another crazy beat that goes da da da  
Rocking with my friends, we want to get high  
We are hot, we are sexy, we are crazy all night  
We are rocking in Armani like superstars  
Everybody wanna fuck and we don't really give a damn  
It's a rich and famous life and we rule this town
