Open your minds and open your hearts  
The reality of life we cannot discard  
To sit and grow stale slowly decay  
While time creates a future where you didn't belong  
The Word is power and the Word is truth  
It keeps us in touch within and without  
Never outdated always alive it breaths  
Giving new life to those who seek it's truth

Seek ye first the Kingdom  
The kingdom of the Almighty  
There can be only one who sits upon the throne  
Only one who can save your soul

Put your trust in Christ and live a life fulfilled  
Be aware of those who try and claim his fame  
Only one man's blood was poured out for me  
Only one body destroyed beaten and torn  
The pull of this world cannot be beaten  
The strength in our bodies sapped devoured  
Accept by faith the baptism of fire  
And let the strength of Jesus guide you higher

Never / Never  
Give up
