Hail Mary mother of God
Never

False religion man made religion you will die by what
you live
Mary was truly blessed among women but Jesus Christ
is Lord
I will never call man father you would rather praise
from men
God alone receives the glory you are equal to us all
Statues and crowns of gold nice little beads of no
meaning
The poverty grows greater because of your filthy
wealth
Never.....

You teach false religion to millions everyday
Indoctrinated from birth they know no other way
Your faith was born in blood in the time of your
crusades
Millions have died in your filthy bloody name
We do not blame the people though the choice to stay
is theirs
Beware your false gods man made religion die
Hail Mary
Never.....

Peter was married to his wife Mary had other children
When you die it's Heaven or hell and Jesus Christ is
Lord
I will never call man father you would rather praise
from men
God alone receives the glory you are equal to us all
Your faith was born in blood in the time of your
crusades
Millions have died in your filthy bloody name
Never.....
