[Big Moe]

Well ain't no plex with the East and the West  
and plenty drink for your kids and plenty of weed for  
your chest  
So leave your pistol at home cause we ain't tryin to go  
to war  
The common denominator in the situation is calm like a  
star  
you can shine with me  
roll on 20's and smoke pine with me  
C'mon they tryin to leave your mine with me  
stady be sellin,celebratin, for payin our dues  
so much drank in my cup cause the water won't even  
move  
as a playa - and associate with the plexin  
Bone hard click, Monroe City, Texas  
a veteran don't get me wrong cause I'll put you a glass  
steady pour you a glass instead of beatin on your ass!!  
take a chill pill pill  
blow some kill, pop the steal  
since we won't be seen  
sippin syrup from police  
From the thirty-third coast it ain't no rush lil g  
So split your 4 to the Remi and have a toast degree

(Chorus: repeat 2X)

All I wanna do, is bang screw

Chorus

[Big Moe]  
in the city of syrup we like to jam music slow  
still come up with substance to make them hit the floor  
84's and vogues with the freshest on my lows  
specialy on the 4 doors  
bump the straps against the rows  
flosch low, concert, looking like a lumber yard  
waving my trunk up and down the boulevard  
Charge the platinum card and the Visa to the max!!!  
Still won't get no sleep till my click see some cacs  
Cadillacs and six packs we guys bangin screw  
Click click clack clack, get your wimp ass threw  
Payin dues and styin true is the rule of the game  
On top of the food chains  
Bangin screw and it won't change for nothin

Chorus 4X
