[Method Man]

You and I 'til the day we die.. (day we die..)

Yo yo

Ex girlfriend how you been? I see you still
tryin to fuck with other women men remember when
I first met you in my cousin's house a week later
we was fuckin on your momma couch now it's been
said

that big girls they don't cry but they damn sure lie

Look you in the eye sayin you they only

You and I, til the day we die, said you'd never

leave me lonely, fly tenderoni but you phony

Shoulda listened when my momma told me, soon as I
turn my back you try to fuck my homies, that was then
this is now I got a new friend, ever since

I cut them loose ends you wanna bone me

Add strife to my life, pussy that'll make me think twice
about leavin the wife even, picture that

You ain't want me when you had me, now you on
your third baby daddy, and you hate to see a nigga
happy

So you tryin mad ways to trap me, lookin at my girl
nasty

Tryin to throw the pussy at me

"Now look at this bitch over here tryin to act like me"

"Uh-huh, fuck that bitch, she must like leftover"

[D'Angelo]

Yo yo

It's always you and your crusty ass crew, be actin new
Let me find out that you fuckin with Boo, and y'all gon'
feel it

Waitin for the day that you front, and catch a lump

from my black butterfly, that don't pack a lullaby

Sleep on her, she said you bitches tried to creep on her

in the mall and didn't know she had the reach on her

Pearl-handled twenty-two, my Boo

She go ahead and walk her dogs, and represent Wu
to the fullest, you and hon can shoot the fair one

I'll bring the bullets, knowwhat!msayin? Stop playin

You and them dyke lookin bitches
Actin like y'all jumpin somethin, go 'head with that
bullshit

Got tired of the games, the lies, the feeble alibis
Now you fuckin with the next guy, a Thug Nigga
Derelict be actin bugged nigga, show this nigga
mad love but get no love nigga?? Stupid ass
Plus I heard that he be beatin on you, I seen him
at the club cheatin on you, witcha best friend, got you
stressin
And used up, pull your shoes up, all you need's
affection
but you're headed in the wrong direction
Tryin to make this nigga jealous, with other fellas
All up in my face actin overzealous
Like you want somethin from Meth, I hope it ain't love
girl
Cause I ain't got none left for you, plus you miserable
Misery Love Company, shit I'm livin comfortably, don't
need no
nigga huntin me down for fuckin round, with his kitty
Talk to him, before my brother put a spark through him
Won't be pretty, the situation got my whole attitude
shitty
And got you actin high saditty with your slut committee
You know I know; so go find another sucker yo, I been
there
and been done that befo', and don't need it no mo'
That's, my, word! So go to your own with that there,
word up
and tell that bighead nigga you run with that you was
insane
