[Sample of "Bright Tomorrow"] There will be...

Chorus/Intro: Left Eye and Method Man

Rock a bye baby from the rooftop  
When the guns blow, your cradle gets rocked  
When the earth quakes and the sky starts to fall  
Down will come emcees, fake shit and all!

Verse One: Method Man

On top I be the show shot  
The bomb drop  
After shot blow your bumba claat to smithereens  
Time stop, flyin' guillotines  
Commin for your flock  
What you mean you spilled the beans, ay?  
Black out and thought I seen pop  
Lazer beam glock  
Whats a bird to a brother with a flock, wha?  
They got some nerve  
To even try and shit a turd  
On John J, flap a nigga gate  
With the wordplay  
Hot Nik shoot you with the gift  
Its your birthday  
God hatin' ugly in the worst way  
Fuck 'em like the Earth say  
From first day I survey the hassle  
Death knockin at your door  
In the Big Apple  
Meth rotton to the core  
Shackle, in the sound castle  
The doungeon, with vermin  
In the form of emcees determined  
To step foot on God soil  
Not knowin' that these egg heads come hard boiled  
And heavy handed  
The aliens they just landed  
And you in the way

Overthrow these niggas planet  
Independance Day  
Felons, get split melons  
Homicide buck niggas get the buck with pelets  
Insecticide  
Johnny 5 take it worldwide  
As long as I pledge aligence to the Dark Side  
I'll never die  
Who ya know with a flow like this?  
Bring em in  
What clan you know blow like this?  
Bring em in  
Take that nigga [that nigga...]

[Sample]

Hook One: Method Man [Left Eye]

The sound of gun birth put the foul in this earth  
[foul in this earth]  
You can't fake plannin' from the  
?Mack Control Theories? [Mack Control Theories]  
Murder in the first bring 'em back down to Earth  
[back down to Earth]  
You niggas don't hear me, prepare for the worst!  
[prepare for the worst]

Verse Two: Method Man

Times gon change, nuttin will remain the same  
Million dollar broke niggas still fucked up in the game  
Make me wanna choke niggas shittin' on my name  
Tuck your chain I approach nigga Go Against the Grain  
now  
?Hit the standin' brain? now  
Die Hard fan call me John John McClain now  
Snake vs the Crane Style  
Death to the enemy, Wu brother number one  
The centipede, trouble some  
Send 'em all to Kingdom Come  
Sun still shine one  
Time for your crooked mind  
Drunk off of cheap wine  
Son I'm in the street crime  
Every word, every line  
Got juice very fine  
Turn me loose on mankind  
Detionate the land mine  
Funk gets me goin' now  
Never sell, never sold  
Live by the code now

Never tell, never told  
Darts I throw  
Like Clyde with the finger roll  
Clut shots an what not  
This is where the buck stops  
Still can't eat and y'all still cant sleep  
I eat up my ?self? as presidential emcee  
Wu-Tang killa bee  
The bee high facility  
In love with the blunt smoke  
Even though its killin me  
Bad vibes fillin me  
With thoughts of conspiracy  
White Water scandals with Bill Clinton Hilary  
Too hot to handle  
Well put together to dismantle  
Fucka, you heard me?

[Sample]

Hook Two: Meth

Excuse me as I kiss the sky  
Catch me when I fall son I'm too young to die  
Me and Lefty, that be the Eye come test me  
If you don't know, you never know me  
Boost the birdie

[Interlude]

Chorus

Outro: Left Eye

Ayyo, I got 360 degrees of self, that's mind body and  
spirit  
120 degrees a piece  
We gon' break it down into simple terms  
That's nine nigga nine  
Highest level of change  
It's too many niggas sittin' on they ass  
waitin' for shit to just happen  
Shit just don't happen  
Gon' fuck around a miss a buck  
If you take away the negative, make room for the  
positve  
Thats addin' and subtractin' on the real  
Niggas betta learn they math  
Cause if my calculations serve me  
Correct I'ma fuck around and have all this shit  
I'm on yo ass nigga
