Oohh, uh, oh, it's time, Meth Man  
G-Wine, aiy, aiy, aiy, aiy, aiy, aiy, aiy, aiy

There go the apple of my eye, my black butterfly  
Don't try to pass me by like you do them other guys  
You do with brother's lies, about they baby, mothers  
and their wives  
And how you need their a\*\* to survive

I ain't a bit surprised and I ain't try'nna give you bad  
vibes  
You probably had a bumpy last ride witch ex  
Was he stalking, calling making threats where you rest  
Until you got that order of protect

Girl, I'm far from a threat, boo, now hold for a sec  
Relax with the Meth, take a load off your b\*\*\*\*\*  
If you had a choice, baby, who would you choose  
Them dudes who look like they got sugar in they shoes

Girl, that's how you lose, before you play the game,  
know the rules  
'Cause still ain't nothing changed but the jewels  
You still paying dues, when we should be laying on the  
cruise  
Some icecubes, playing with ya b\*\*\*\*, know what I  
mean

Let's ride, we get it everyday, it's doesn't fail  
And I always wanna know how you feel  
'Cause you're everything, I'm always there for you  
Yes, I'll be there, so let's ride

Let's ride, don't trip, got your back, I'm your man  
I keep it G like they do it in the hood  
And you give me everything, and always be right there  
And if you real then let's ride

Hey, pretty ma, you look sweet, I mean  
You the type of treat, I've been dying to e\*\*  
I see them other dudes try'nna speak, flossin' them  
jeeps

They wanna whistle and beep when you crossin' the street

Have mercy to these big hands and big feet  
Use me once and use me again like fish grease  
Body perfect, Prima Donna, oh my God, mommy, work it  
Make a n\*\*\*\* wanna get a job

I love chicks to hate staring, hate man sharing  
Hate it when a bum bitch is wearing what she wearing  
Huge attitude like the size of her b\*\*\*\*  
Double XL, she the 'Eye Candy Of The Month'

Johnny, but ladies call me Big John Studd  
Is it my big c\*\*\*\* or my big long hugs  
Go figure, if you got an itch, I'm ya nigga to scratch it  
And bring the hook back while I'm at it, now pass it

Let's ride, we get it everyday, it's doesn't fail  
And I always wanna know how you feel  
'Cause you're everything, I'm always there for you  
Yes, I'll be there, so let's ride

Let's ride, don't trip, got your back, I'm your man  
I keep it G like they do it in the hood  
And you give me everything, and always be right there  
And if you real then let's ride

I start up on your right, peace and then we'll fight  
I'm starting to fall for love, yes, I will, yes, I will baby  
Don't need to think twice, I want you at your time  
Ooh, tell me something

Let's ride, we get it everyday, it's doesn't fail  
And I always wanna know how you feel  
'Cause you're everything, I'm always there for you  
Yes, I'll be there, so let's ride

Let's ride, don't trip, got your back, I'm your man  
I keep it G like they do it in the hood  
And you give me everything, and always be right there  
And if you real then let's ride

Yeah, this is Ginuwine, uh  
Method Man, yeah, I like that
