Yea Yea

I try and i try to stop
the voices that go round in my head and I
thought you were the one to understand me
You turned my darkside sunlight
But once again you turned my hopes to pain
My souls insane, my tears start glinnin' in the rain
fallin again...fallin again

Chorus-

I really dont know what you came here for
round and around we go
Seated your bags outside the door
round and around we go
(2x)

If you dont understand where im comin from
then my heart is tellin me you not the one
All the games you played and now i realize
Your not the one for me no more so baby bye bye
Pack your bags and keep the steppin
You gotta let it go u need to stop trippin

I hope you know im not gonna let you back in...cuz u'z a
FOOL

Chorus-

I really dont know what you came here for
round and around we go
Seated your bags outside the door
round and around we go
(2x)

Its gonna rain, its gonna rain (4x)

Today i made up my mind to get away
everyday i sit and pray everyday everyday (2x)

Chorus-

I really dont know what you came here for
round and around we go

Seated your bags outside the door
round and around we go
(2x)
