Uh what's really good?  
Yo, yo, yo

It's the unstoppable, over come any obstacle  
Y'all know my flavor, pack more punch than Tropical  
Any mission possible, do what I gots to do  
Labels gettin' butterfingers, and next they droppin' you

You think you know, but you have no idea  
The Diary of a Meth Man, what's this I hear?  
Somebody told y'all, steppin' in shit was good luck?  
I got the hood stuck, now give the goods up

Y'all done pushed up, past the point of no return  
It's Meth's turn, so roll that shit up and let's burn  
I heard Philly got the best 'schem, out in Cali, they got  
the best perms  
Now that we know, when will the rest learn?

Come on, each one, teach one, hear no evil and I don't  
speak none  
Everything cool until that heat come  
Just call my name, and I'll be there  
Y'all kids is slum, like the jewelry in Albi Square

We drinkin' Henny 'til we flip, poppin' bottles 'til we sick  
All y'all haters eat a dick  
Let's throw a party in this bitch, all my niggaz and my  
chicks  
Tell me who ya rollin' wit?

Method spits fire  
(Fire)  
The roof's on  
(Fire)  
My crew's on  
(Fire)

Method spits fire  
(Fire)  
The roof's on  
(Fire)

My crew's on  
(Fire)

## METHOD

Man, I'm in the house like foreclosures  
Talk sober, until some dog gets forced over  
New York soldiers, be at ease, fall back  
Never ever, I'm the New Era, like ball caps

Kid, whenever, whoever, whatever, y'all want it  
Y'all can have it, the problem and answer, I'm all that  
While we at it, let's tighten up our grips around that  
cabbage  
Silly rabbit, how many kid's done tricked you on your  
carrots

The product of a bad package, like Bishop Don Juan it's  
Magic  
How I break 'em like a bad habit, hit tracks like it's  
target practice  
Then let these darts take a stab at it, niggaz ain't got it,  
ain't never had it

I jam like LA traffic, Jellyroll behind the wheel  
And the passenger seat behind the field  
It's your boy, physically fit, mentally sick  
Get dirty money, told you honey, I'm filthy rich

We drinkin' Henny 'til we flip, poppin' bottles 'til we sick  
All y'all haters eat a dick  
Let's throw a party in this bitch, all my niggaz and my  
chicks  
Tell me who ya rollin' wit?

Method spits fire

Six minutes, Method Man, you're on  
If you thinkin' you gon' slip and be alright, you're wrong  
You can see me lightin' the bong, while writin' the  
songs  
That the crowd, is either singin' to or fightin' along,

fightin' along

I'm tryin' tell you drugs is not your friends  
And girlfriend, don't try and front like you got your  
friend  
I'm at the hotel, motel, Holiday Inn  
And my chick's a man-eater, she be swallowin' men

Aight, live from New York, it's Saturday night  
I got pipes that drain your confidence, and battery light  
Aight, mami tight, but she ain't really my type  
If y'all don't see me treat her right, then she ain't really  
my wife

When I was young, I was stayin' in school, obeyin' rules  
Play with my food, what makes you think I'm playin' with  
you?  
This is it, y'all better come on in, the water's fine  
Jump on in, let's do it to 'em one more 'gain

We drinkin' Henny 'til we flip, poppin' bottles 'til we sick  
All y'all haters eat a dick  
Let's throw a party in this bitch, all my niggaz and my  
chicks  
Tell me who ya rollin' wit?

Yeah, Ladies Love Big John Studd  
No doubt, dick up in your mouth  
We do this shit everyday, I'm in the cut  
With my main shit stain, Ray-Ray Gutter Butt

And we holdin' it down for the whole Staten Island, man  
Nothin' else but Staten Island, man  
Y'all stand up, man, Stapleton, the Wild West, Park Hill  
Port Richmond, Now Born, Jungle Nilz, hah Peace
