Or wu say boulder head flower
You can detect the true and living God from the scorer
Keep your sword straight, maintain your weight
But he ate too much monosodiumglutamate, and
polysorbate
And drug rate concentrate, with sodium benzoate
By the chicken thighs and tryglycerides
And this bitch advertised her breast size
Eighty-five didn't realize, til the truth opened up his
eyes
Then he became highly civilized
And spent time amongst the wise, went through a
garment renaissance
And stopped wearing benetton
Tommy hill, perry ellis, nautica, or liz claiborne
Ocean pacific, fila, bill blass and leave fitted
Quit the armani sweaters with the gucci wool knitted
Now all he buys, kani's, cross colours, shabazz
