Like sweet mornin' dew, I took one look at you
An' it was plain to see, you were my destiny

You're all I need to get by
You're all I need to get by

Check it out, shorty, I'm there for you anytime you need
me
For real girl, it's me in your world, believe me
Nuttin' make a man feel better than a woman
Queen with a crown that be down for whatever

There are few things that's forever, my lady
We can make war or make babies
Back when I was nuttin'
You made a brother feel like he was somethin'
That's why I'm with you to this day, boo, no frontin'

Even when the skies were gray
You would rub me on my back an' say, "Baby, it'll be
okay"
Now that's real to a brother like me, baby
Never ever give my pussy away an' keep it tight, aight

An' Imma walk these dogs so we can live
In a fat ass crib with thousands of kids
Word life, you don't need a ring to be my wife
Just be there for me an' Imma make sure

We be livin' in the fuckin' lap of luxury
I'm realizin' that cha didn't have to fuck with me
But cha did, now I'm goin' all out, kid
An' I got mad love to give, you my nigga

You're all I need to get by
You're all I need to get by

I got a love jonz for your body an' your skin tone
Five minutes alone, I'm already on the bone
Plus, I love the fact, you got a mind of your own
No need to shop around, you got the good shit at home

Even if I'm locked up North, you in the world
Rockin' three-fourths of cloth, never showin' your stuff
off, boo
It be true, me for you, that's how it is
I can be your Noah, you can be my Wiz

Then I can be your Sun, you can be my Earth
Resurrect the God through birth
Best believe

You're all that I need, I'll be there for you
If you keep it real with me, I'll keep it real witchu
Lovin' your whole schemes, it be in there, boo
On top of that, you got the good power U

You're all that I need, I'll be there for you
If you keep it real with me, I'll keep it real witchu
Lovin' your whole schemes, it be in there, boo
On top of that, you got the good power U

You're all I need to get by
You're all I need to get by
You're all I need to get by

You're all I need to get by
You're all I need to get by
You're all I need to get by
