I just want you to realize
That I have been here everytime
You probably never noticed
I was behind you all this time

Chorus:

I must be so much insane my love,
Pretending this foolish love to last,
But Insanity, feels so right
Whenever you're around

I have kept an eye on you,
Protecting you from lies
I saw you passing through
While I was calling out for you

Chorus:

I must be so much insane my love,
Pretending this foolish love to last,
But Insanity, feels so right
Whenever you're around

And maybe somehow you will see me
In the rain, standin' watching you
I'll be waiting behind that tree
And I will wait there till time wastes me

Chorus:

I must be so much insane my love,
Pretending this foolish love to last,
But Insanity, feels so right
Whenever you're around

[Solo]

Chorus:

I must be so much insane my love,
Pretending this foolish love to last,

But Insanity, feels so right
Whenever you're around

Chorus:

I must be so much insane my love,
Pretending this foolish love to last,
But Insanity, feels so right
Whenever you're around
