Wake up in the mornin'
See me lyin' here
Started with a hungerin'
But I don't see no one near

Feelin' slightly reckless
Got to go unwind
Maybe I should go back home
And get some piece of mind

No one knows that I'm here
And that's alright with me
There's nothing for me to do
With people askin' who are you

Chorus:

Somethin's wrong with me tonight
I used to avoid all my fights
This time I thought I'd face my fears
I cannot hold back all the tears

I'm the bad man (Backup)
That's what they all say (Lead)
I'm a mad man (Backup)
They say stay away from me (Lead)
It don't matter (Backup)
There's nothing you can see (Lead)

No one there inside me
Just an empty soul
Feel like I'm never worthy

Inside me there's this huge hole

Everybody's lookin'
For what I used to be
Never seems like I could just
Start over with a new me

I'm just an angry shadow
No one respects me

Everything I've ever known
Helped me make it on my own

Chorus

Think I'll go away now
No one wants me there
I'll just walk until I die
Through places bright and fair

I'll be the great wand'rer
Move from place to place
The traveler inside me
Will appear upon my face

Chorus

Yeah they say I'm the bad man
Nobody wants me
They call me a mad man
But I'm sad man

Wake up in the mornin'
See me lyin' here
Started with a hungerin'
But I don't see no one near

Chorus
