Look around you, art is everywhere, la, la, la, la
Look around you, art is everywhere, la, la, la
Look around you, art is everywhere, la, la, la, la

Take a walk and see the colors
(Pink flowers, green leaves)
Take a walk and see the shape
(Of buildings and cars)
It's everywhere, even there

Look around you, art is everywhere, la, la, la
Look around you, art is everywhere, la, la, la
Look around you, art is everywhere, la, la, la

Take a walk and see the colors
(Little ocean, blue ocean, orange sunbeams)
Take a walk and see the shape
(Of grass and grains of sand)
It's everywhere, even there
Even there, everywhere
