Hello dirt.
Goodbye innocence.
Catch me a drop of dew.
Goodbye hope.
Hello elegance.
You've got a lot to prove.
Sunshine beach,
You've got sandy toes.
Race to the perfect beach
I owe you.
Thanks a lot. Thanks for everything.
You are weasel shit.

Oh my god!
What have we done?
I killed your mama.
You better run.
You better skip,

on out of here.
Build you some place
go and disappear

Fucking weasel you lost your touch.
Skinny as hell but its not enough.
Life is a mine shaft of love,
but don't dig too deep.

Fucking weasel you lost your touch.
Skinny as hell but its not enough.
Life is a mine shaft of love,
but don't dig too deep.

Fucking weasel you lost your touch.
Skinny as hell but its not enough.
Life is a mine shaft of love,
but don't dig too deep.
