i like the line between your belly and thighs( rolling on,  
rolling on)

the smell of your hair, the sparkle in your eyes(rollin g  
on, rolling on)

the smoke of your breath the breathing hard and heavy

the back on your neck the shine on your chevy

the moon was so big when i drove it to the levy  
girl(rolling on rolling on)

i found blood and i saw stars all in the backseat of your  
car, And i told you it was love....but you wont know the  
truth

im a young man in my prime....with my heart still filled  
with fear.... and it goes on clear!

the clean dreams, the sexy limosusine(rolling on,  
rolling on)

Jason's got the energy; He used to be a coke  
fiend(rolling on, rolling on)

the skinny brown arms coming out of your shirt, heart  
is in the right place, brain is in the dirt, you live life like  
everyones an enemy (rolling on, rolling on)

i found blood and i saw stars all in the backseat of your  
car, And i told you it was love....but you wont know the  
truth

im a young man in my prime....with my heart still filled  
with fear.... and it goes on clear!

i found blood and i saw stars all in the backseat of your  
car, And i told you it was love....but you wont know the  
truth

im a young man in my prime....(that's right) with my

heart still filled with fear.... and it goes on bleeding

i found blood and i saw stars ALL IN THE BACKSEAT OF  
YOUR CAR, And i told you it was love....but you wont  
know the truth

im a young man in my prime....(that's right) with my  
heart still filled with fear.... and it goes on clear

and it goes on clear X2
