Akaku kagayaku ichigo no youni
Tsuyoku hakanaku naritai
Tatoe kokoro ga kowaresou na yoru mo
Still... I love you until we die

Kono hiroi sekai wa ookikute tsukame nakute
Konna ni aishita anata wa tada hitori datta

Demone, anata no kokoro sora yori tooku
Kono te ni todokana katta

Douka nee douka anata no moto e
Kanawanai koi to shitte itemo
Moshimo kono yoru yume de aetara
Kitto umaku waraeru kara

Kono hiroi sekai de anata to deaetano ni
Namida ga ochitara watashi wa tada hitori datta

Mada tsutaetai kotoba ga sora ni afureru
Sono te ni todoketa katta

Hitotsu hitotsu to furu yuki no youni
Tsuyoku masshiro ni naritai
Tatoe kokoro ga mabushisou na asa mo
Still... I love you until we die

I want to be strong and frail girl
Like a shining red strawberry
I don't escape even if my heart nearly break
However you disappeared
Where is your hope? where is your heart?
Still... I alive strongly until we die
