One 6 pack a day
My liver's gonna pay
For wasting my life
Our PBR
Can only go so far

It's taking all i got
We drink and smoke a lot
And all my friends are selling pot
To buy the beer this time

There's something wrong
When they all say i don't belong
Hanging out and getting wasted
Made up my mind
It won't be long
By the time we end this song
You'll be fucked up just like me
Just like me
Just like me

I still can't comprehend
The way that yall pretend
That i can stop it anytime
It saturates my mind

You'll find me in my bed
An ashtray on my head
I swear i'll never drink again
That's what i always said

There's something wrong
When they all say i don't belong
Hanging out and getting wasted
Made up my mind
It won't be long
By the time we end this song
You'll be fucked up just like me
Just like me
Just like me
Just like me
Just like me

Just like me
Just like me
Just like me
