just another day, i'm sick of sleeping with you  
and the games you play, when there's nothing left to  
do  
you hang around, when i want to be alone  
and bitch to me, when i'm talking on the phone, uh oh  
oh oh  
i can't go, and you can't stay  
i never said that i wanted you  
you're always careful now of what you say  
and there's no reason,

the rest is on its way  
it's just another day

i hate the time, that i'm spending with you  
never the same, with the stupid things you do  
you put me down and question my authority  
things don't seem to be as easy as they used to be  
i can't go.....  
the rest is on its way  
it's just another day

i can't stand the things you do,  
you change the channels when i'm watching too  
you steal the covers almost every day  
and cross your fingers when you promise me  
your dirty dishes in the bathroom sink  
and filthy laundry in the closet stinks  
i can't take the way you waste my time  
and leave your letters here for me to find  
hesitating inside my head  
and i don't care about what might be said  
contemplating everything you say  
and there's no reason

the rest is on its way  
it's just another day
