you don't know, how i feel now  
even though i've told you, everyday  
i find it - hard to breathe, when i'm around you  
and never - seem to find, the words to say  
and it all makes sense  
when i'm living in suspense  
i can count on you, to make it ok

and when we find ourselves  
living our own hells, tells  
i can rely on you, to save the day  
i'll buy myself, a dozen roses  
and give you one, each time i go  
because the - dreams i've had, are all about you  
now you've - changed my life, this i know  
i smell your skin, on the pillow  
and the clothes i wear, when you are gone  
and now i find myself, thinking of you  
and i miss you more, when you're gone
