Oh babe, if I could just touch you  
You wouldn't want me to stop  
And oh darlin'  
When you gonna let me know you?  
When you gonna let me show you?  
I won't stop

And I  
Can't help the way I think about you  
Can't help - You know what I wanna do  
Don't speak just get a little closer to me  
I need you to let me  
Show you what I'm feeling for you

One thing that's always come easy for me  
Is knowing what I want  
And I knew since the day I met you  
I had to get you  
You're all I want

Don't wait another minute  
Come on and let's get in it  
No need to speak, Just make me weak  
And if you wanna know me  
Oh then you better show me  
What you've got goin' on
