"Let Go"

Every shred of hope collides in your heart
With the fear of losing what you've just given up
As the moments pass you pray to survive
All these lonely minutes that once kept you alive

Try to change the expression that's worn out your face
As you lose the momentum of your past living ways
Every song is a channel for the memories to keep
Floating in your head as you're left asking

Why did I choose to let it all go?
Was it the fear of needing
or the doubts I let show?
I never gave up fighting
I never said goodbye
So why? Why did we let go?

Every day is a new breath, but the battle's still on
Trying hard to elude them by keeping my head strong
Still I feel the exhaustion of wanting your kiss
As I'm left here asking the same damn question

Why did I choose to let it all go?
Was it the fear of needing
or the doubts I let show?
I never gave up fighting
I never said goodbye
So why? Why did we let go?

You never showed that you were scared of losing me
You didn't fight to make me stay in your arms

So I'm left asking...

Why did I choose to let it all go?
Was it the fear of needing
or the doubts I let show?
I never gave up fighting
I never said goodbye
So why? Why did we let go?
Let go... Naah..Yeah

Why did we let go?
I never gave up fighting
I never said goodbye
So why, why did we let go?
