My hand take my hand
Show me another way around
All these people they never know what they want
But I'm trying my best to hold on
To you dream of the truth
Well I know you'll prove it alright

I'll, I'll follow you
To the depths of the dark blue
And I'll run away with you cause
I swore to be forever true
Your the one I wanna die with
With you dream of the truth
Well I know you'll prove it alright

Fly, fly my baby fly
Up high go on touch the sky
Yea you know that's where you'll go
One day but never on your own

You, you prove my dreams are true
When you said I'm gonna marry you
And I am I'm always there when you need someone to
care
I'm the one your always coming for

With you prove my dreams are true
Well I know you'll prove it alright

Fly, fly my baby fly
Up high go on touch the sky
Yea you know that's where you'll go
One day but never on your own

Cause with you, you prove my dreams are true
Well I know you'll prove it alright

Oh ohh

Fly, fly my baby fly
Up high go on touch the sky
Yea you know that's where you'll go

One day but never on your own
Never on your own
Never on your own
