What would christmas be like without you here  
Im sitting at the bottom of the mistletoe waiting for you  
to come home,

What would Christmas be like without the songs  
Sitting by the fire place reminiscing while we sing  
along..

And i always believed there's magic on christmas eve  
then Santa comes round, & im so glad we found this  
love we swore to keep

And we walk in the snow, letting our troubles go  
to a far away place so that we may embrace christmas  
spirit all around and i say

Mary, have a Merry christmas... today

What would christmas be like without the wait  
Crowded round the presents counting minutes, even  
seconds till we celebrate

What would christmas be like without the smiles  
laughing with the twilight moon shining through our  
window room as we smile..  
And i always believed there's magic on christmas eve  
then Santa comes round, & im so glad we found this  
love we swore to keep

And we walk in the snow, letting our troubles go  
to a far away place so that we embrace christmas spirit  
all around and i say

Merry Merry christmas... today

(improvisation)

And i always believed there's magic on christmas eve  
then Santa comes round, & im so glad we found this  
love we swore to keep

And we walk in the snow, letting our troubles go  
to a far away place so that we embrace christmas spirit  
all around and i say

Merry Merry christmas... today
