damn this shit is cold

no matter how hard you try to come up

there's always a motherfucker who got their foot in
your back

these days a few motherfuckers

i mean there's more haters than soldiers and playas

trying to understand whats going on

niggas trippin white folks slithereing around

I pitty all them sad motherfuckers

who you trying to see bitch

acting like you know me

you don't even wanta run up on this biggest mama
don-es

push the bomber shit out the back door

crack, china and herb headed straight to the suburb

ain't nothin changed but the route my Legend takes

to shake the crooks that's out to to stick me for my
papes

I hate to make my hollow tips follow the red beam

but I can't let you hatas steal my dreams

I'm duckin sireens, daily

cause crooked officers is known to take your

cheddar cheese right up off of you

I'm warning ya

flamboyant niggas and bitches, high-sidin them illicit riches

I bear witness to the way they kicked in the front door

slam me on the floor, steel up against my temple

beatin on my man and callin us outloud names

this type of shit ain't gonna never change

it's all in the game

ghetto thang got my name ringin way in your hood

I'm paranoid but at the same time wishing you would

test me

cause you gonna get handled

your corpse will dangle from a magnolia tree

as an example, I trample the many in my life time

I aints boastin, but if you cross me

me and my niggas will be posted up, to tear shit up

straight casket stuff

nonstop cause we aint trying to hear the word enough

I pity you and your whole crew

trying to see me and the T-R-U gorilla squad

I don't give a fuck how many

bet every penny

the tank won't leave any to tell about it

I pity you and your whole crew

trying to see me and the T-R-U gorilla squad

I don't give a fuck how many
bet every penny
the tank won't leave any to tell about it
ya'll heard of No Limit
so ya'll know I'm about the power moves we pullin
dping the type of shit
that you Uncle Tom's wouldn't even think about
so nigga stay in your place
before these Down South Hustlers invade your space
and take it
we know you're hatin on us and wanta see us at the
bottom
plottin at the same time the fedz is watchin
trying to catch something, but they can't
why ya'll trying to bring a jeep to war against the tank
just paint a cleaner picture about this family and you
will see
mama on the throne and soldiers kissin my finky ice
nothin nice, full blown connects
seen alot of blood spilled behind my family's respect
check the rap sheets, they ain't hard to find
attempt convictions but nothin stickin
against this click
and the tru mission's almost complete
we about to have this industry at our feet
slaughter the week and shine on all you envious hoes
I'm gettin mine while you knuckleheads is chasin fools

those who got the nerve to spit viscious

yea I heard ya

but abortion is the only type of murder

you bitches can tell them niggas stop rightin your
wrongs

cause real bitches speak their own mind

I pitty you and don't come unless you slingin some
mine

cause we trying to dead your whole crew

I pitty

pitty is from the bottom of my heart

annialation is a promise

if you stop to mama Mia

No Limit, my TRU family

you better know this

I pitty you and your whole crew

trying to see me and the T-R-U gorilla squad

I don't give a fuck how many

bet every penny

the tank won't leave any to tell about it

I pitty you and your whole crew

trying to see me and the T-R-U gorilla squad

I don't give a fuck how many

bet every penny

the tank won't leave any to tell about it

I pitty you and your whole crew

trying to see me and the T-R-U gorilla squad

I don't give a fuck how many
bet every penny
the tank won't leave any to tell about it
I pity you and your whole crew
trying to see me and the T-R-U gorilla squad
I don't give a fuck how many
bet every penny
the tank won't leave any to tell about it
