Somebody better tell these dumb hoes somethin
Cuz when I roll thurgh I ain't gone say nothin
Ain't shit to talk about
Cuz I can do without the souljah hatin
Them hoes is jealous of my fame and the money that
I'm making
Got they heads aching
So they acting like they got beef
Knowin damn well if htey see me they gone speak
I'm Mama I'm respected y'all know this
But shits gone really get hectic
If y'all don't stop slow this ??? down now
The issue ain't who I'm loving or fucking
The big issue's billboard cuz I'm on top of it
The issue is I got my kids up out the projects
And bought my moms a new house
Before my second album came out
Respect my mind
I took my grandparents out the hood
I'm seein to it that their golden years be all good
So bestill the fact that I ain't selfish or greedy

Ask my people am I there when they need me

Like dat

Chorus:

I'ma leave you hoes in the same place

No progress

Talkin bullshit while I elevate

And I'ma keep looking out for the real

But I don't give a FUCK how the rest of y'all feel

And I'ma keep on learning the game

And I encourage all the my souljahz to do the same

I come in peace and I try to pack fair

But if you want to I will take you there

Like dat

Now I don't owe a motherfucker a god damn thing

And I earned the right to be the biggest mama on the tank

I sacrificed beaucoup

Put in so much work

Kept it TRU cuz I'm TRU

And represented my turf

Downtown seven ward hard head

Ya heard

Around a gang of uptown niggaz

Straight screamin the third

Been bout it

Been rowdy

Been throwin for mines

It was just me and Jill on the scandalous rides

No hip hop lines to make me sound hard

It ain't no act

It's a fact

When it's on I go off

But as God as my witness

I love being nice

Until this playa setting in my household was right

I like to just be me

While you be with your knot

I'm trying to stay on top with TRU niggaz fo sho

And we extend our hands to pull up more

Like dat

Chorus: repeat 2X
