I won't be there
I can't be there for you
when you want some
the sum of me
and I can't see you
we won't see you when you're with the others
but not the brothers

and it seems like I'm wasting time today
but I'm glad that I'm doing it with you
I'm pleased that you understand my way
I'm glad that you understand me

I really thought that you were a bargain
you turned out more than I bargained for
I really think so
you never said so
inside out and you're facing the wrong way
carry on it'll fuck up your life
I really think so
I've always said so

understand me
