I won't be there, I can't be there for you when you want
some, the sum of me.

And I can't see you, we won't see you when you're with
the others, but not the brothers.

chorus:

And it seems like I'm wasting time today.

I'm glad that I'm doing it with you.

I'm pleased that you understand my way.

I'm glad that you understand me.

I really thought that you were a bargain,
turned out more than I bargained for, I really think so,
you never said so.

Inside out and you're facing the wrong way.

Carry on it'll fuck up your life, I really think so, I always
said so.
