There was a time when my life was so low  
And my heart was heavy load  
There was a phase I never thought I'd go  
Then you came to save the day  
And now I'm not alone

[Chorus]

It's like I'm born again  
It's like I can breathe again  
And the sun is coming up for the very first time  
It's like I'm born again  
I can spread my wings and fly

I wait for love  
A black prays to see  
Too afraid to believe  
You showed the way  
You took the feel from me  
Just one kiss from your lips  
And my world's free

[Chorus]

It's like I'm born again  
It's like I can breathe again  
And the sun is coming up for the very first time  
It's like I'm born again  
I can spread my wings and fly, fly

And I'm not looking back  
I'm never giving up  
We've got so much we need to live for  
You... You... You...

From your lips, my heart was free

It's like I'm born again  
Like I can breathe again  
It's like I can spread my wings and fly again [x3]
