[Intro]

[Verse 1]

I want to know you more than anything  
A world that surrounds me, I live in everyday  
It doesn't compare to knowing you

[Verse 2]

You take me places; I've never been before  
You showed me visions, only you can give  
And I love you when you speak to me, yeah

[Chorus]

I want to know you  
I love to know you  
Everything else I, count as loss  
I want to know you  
I love to know you  
No matter what, the cost

[Repeat Verse 2]

[Repeat Chorus]

[Bridge]

(the cost) Is nothing compared to knowing you  
The cost is nothing compared to knowing you (the cost)

[Back to Chorus]
