It's in your eyes, here we go again  
Tonight you're gonna come on strong  
Just a cryin' shame, the time we spend  
Over who's been right and who's been wrong

There'll be no pretending this time  
Your eyes are like fire  
You'll swear it's the end of the line  
But you and I, we both know you're just a liar

Don't tell me that it's over  
Don't tell me that we're through  
Don't tell me that it's over  
Don't try 'n tell me you know it isn't true

Don't tell me that it's over  
'Cause you can't say good-bye, any more  
Then I, can walk away from you

You say it's hard to love a man like me  
But baby, now and then  
You do your fair share so easily  
You push me to my limit and back again

Just when I can't take anymore  
And I've made up my mind  
I say I'm ready to walk out the door  
But somethin' keeps me from leavin' you behind

Don't tell me that it's over  
Don't tell me that we're through  
Don't tell me that it's over  
Don't try 'n tell me you know it isn't true

Don't tell me that it's over  
'Cause you can't say good-bye, any more  
Then I, can walk away from you

There's a reason why after all we've tried  
We're not runnin' to the arms of another  
When all comes down, we both know by now  
We just still mean too much to each other

Don't tell me, don't tell me  
Don't tell me it's over

Don't tell me that it's over  
Don't tell me that we're through  
Don't tell me that it's over  
No, don't tell me you know it isn't true

Don't tell me that it's over  
Don't tell me that we're through  
(Don't tell me that it's over)  
Don't tell me that it's over

(Don't tell me that it's over)  
Don't tell me that we're through  
Don't tell me that it's over  
Don't tell me that we're through

Don't tell me that it's over  
Don't tell me that we're through  
Don't tell me that it's over  
Don't tell me that we're through
