Eternally

(R. Marx/M. Bolton)

Tell me something I could say  
To make you feel the power  
Of my love for you  
Just help me find the way  
And every moment, every hour  
I'll keep trying to...  
Oh I swear I couldn't take it  
If I thought you didn't know  
Just how sweet you really made it  
Music to my soul...

(chorus)

Far beyond all space and time  
You'll live within this heart of mine  
And forever with you  
I will be  
Take my heart and take my hand  
I'll love you with all I am  
When forever's through  
I'll be loving you  
Eternally...  
Within my dreams I knew you'd come  
I knew you long before I ever saw your face  
You are the only one  
And no one in this world could ever take your place  
Oh, for as long as I am breathing  
Till the stars fall from the sky  
You're the one thing I believe in  
My every reason why...

(chorus)

Far beyond all space and time  
You'll live within this heart of mine  
And forever with you, I will be  
Take my heart and take my hand  
I'll love you with all I am  
When forever's through  
I'll be loving you  
Eternally...  
I'll love you all my life  
Like there was no time before you

And this fire burning for you  
Will go on, on, on  
(chorus)  
Far beyond our space and time  
You'll live within this heart of mine  
And forever with you I will be  
Take my heart and take my hand  
I honor you with all I am  
When forever's through  
I'll be loving you...eternally  
Eternally  
From now on  
Endlessly  
Loving You  
Eternally...
