The tickin' of the clock, the beating of my heart
Pounding like a drum in the dark for you
If I could conquer time, I'd love you day and night
And make this moment last, baby, all my life

Ask me how long I'll need you
Ask me how long I'll be there

Forever isn't long enough to give you my love, to give
you my love, baby
Till the end of time isn't time enough
For everything I wanna do
Forever isn't long enough to give all my love to you

I watch you as you sleep, I'm jealous of the night
I'd steal you from your dreams just to buy more time
So much in my heart, so much in my soul
A lifetime ain't enough to ever let you know

Tell me this will be for always
Tell me you'll always be there

Forever isn't long enough to give you my love, to give
you my love, baby
Till the end of time isn't time enough
For everything I wanna do
Forever isn't long enough to give all my love to you

'Cause the time is passin' by and the more it slips away
When I look into your eyes, I know baby
It isn't long enough, to give you my love
Forever ain't enough to give it all to you
There isn't time enough to see it all through
Forever ain't enough to give my love to you

Ask me how long I'll need you
Ask me how long I'll be there

Forever isn't long enough to give you my love, to give
you my love, baby
Till the end of time isn't time enough
For everything I wanna do

Forever isn't long enough to give it all to you

Forever isn't long enough
Forever isn't long enough
To give you my love
To give you my love
Forever isn't long enough
