"Love With My Eyes Closed"

Visit "[Love With My Eyes Closed](#)" on MotoLyrics.com

I close my eyes and now I pray
That you are out there doing the same
Long for the touch it stands alone
It needs no vision to find its home

I've seen beauty in the mountains
I've seen rivers meet the sea
I've seen light above the horizon
Shining down all over me

I've seen beggars turn to rich men
Seen the birth of my own child
I don't wanna find this feeling
Just to let it go

Wanna love with my eyes closed
Wanna feel you inside my soul
Want your warm body next to me
So I can feel what my heart knows
Wanna love with my eyes closed

Deep in my mind I touch your skin
The risk of emotions in life so thin
And will you love me when I am old?
When I'm no longer too strong to hold

I've seen beauty in the mountains
I've seen rivers meet the sea
I've seen light above the horizon
Shining down all over me

I've seen beggars turn to rich men
Seen the birth of my own child
I don't wanna find this feeling
Just to let it go

Wanna love with my eyes closed
Wanna feel you inside my soul
Want your warm body next to me
So I can feel what my heart knows
Wanna love with my eyes closed

Wanna live in the afterglow
Wanna trust then I can believe
Everything that my heart knows
Wanna love with my eyes closed, yeah

I don't wanna find this feeling
Just to let it go

Wanna love with my eyes closed, yeah
I want your warm body next to me
So I can feel what my heart knows

Wanna love with my eyes closed
Wanna live in the afterglow
Wanna trust that I can believe
Everything that my heart knows

I wanna love with my eyes closed
(I've seen beauty in the mountains)
(I've seen rivers meet the sea)
Ooh
(I want your warm body next to me)
I've seen light above the horizon
(So I can feel what my heart knows)
Shining down all over me

(I wanna love with my eyes closed)
I've seen beggars turn to rich men
(I wanna live in the afterglow)
Seen the birth of my own child
(Wanna trust that I can believe)
I don't wanna find this feeling
(Everything that my heart knows)
Just to let it go

Wanna love with my eyes closed, ooh
