I can still remember
When all I had was time
A time when I had nothin'
But this empty heart of mine

When I needed inspiration
When the night was all I knew
You were the light shinin' into my life
The reason for all the love I'm feelin'

Now that I've found you
I don't know how I lived without you
I don't know how I survived without your love
Now that I've found you
I only know I'd be lost without you
I found the love, I'll never find again
'Cause all I ever needed
And all I ever wanted has come true
I found it all, now that I've found you

Could've searched forever
And never realized
The treasure of a lifetime
Was love inside your eyes

When I reach for inspiration
In your touch, it's always there
Givin' me faith every step of the way
Givin' me all I ever needed

Now that I've found you
I don't know how I lived without you
I don't know how I survived without your love
Now that I've found you
I only know I'd be lost without you
I found the love, I'll never find again
'Cause all I ever needed
And all I ever wanted has come true
I found it all, now that I've found you

And every step of the way
I'm gonna dedicate my heart to you

Promise you my world forever
Pledgin' my love my whole life through

Now that I've found you
I don't know how I lived without you
I don't know how I survived without your love
Now that I've found you
I only know I'd be lost without you
I gave you my love, I swear it'll never end
'Cause all I ever needed
And all I ever wanted has come true
I found it all, now that I've found you
