So much killin, to much anger inside,
So much livin, not enough people livin right.
Too much hatred, too much emptiness,
I've got too much in me to go without a fight.

Tonigh... I I I I t!

CHORUS.

All we need,
Is one love that's all we need,
Cos I know what one love, has given to me
There's so much we'd learn from eachother,
If we just find that one love!

Too much heartbreak, too much drowning inside,
Feels like an earthquake every time that you step
outside.
Too much crying, too much ugliness,
We've gotta come together this time for you and I.
So much talking, so much locked up inside,
We should be listening, why do we build these walls so
high?
There's no escaping everyone's working to survive
We can win this thing together if we try.

Tonigh... I I I I t!

CHORUS.

BRIDGE

Let's find a minute to breath before we run out of air,
Callin out for love now, this world is falling apart
When love is all we nee... d. that's what we need

CHORUS X 2

If we just find that one love x 2

It's one love
It's one love

All we need
It's one love
It's one love

It's one love
