The people come from all around  
And lay their precious money down  
Satisfaction, guaranteed  
No distractions, all you need  
Spend a weekend in paradise  
Try this on, it's very nice  
You're having fun  
Stick around and we'll sell you the sun

And soon ya learn to play the game  
Ya lose ya win it's all the same  
Catch your dream before it fades  
And join the endless masquerade  
Where pain relievers speak to you  
A make believers dream come true  
You learn so well  
No one not even you can tell

Chorus

But I really wanna know  
But I really wanna know  
But I really wanna know  
And I've got no choice  
Can ya tell me, what's goin' on

Now every game begins and ends  
And though the player still pretends  
In mausoleums, on painted walls

The tale of those who'd have it all  
The slave of glory's lost demands  
To always leave with empty hands  
The conqueror  
Tell me what have you come here for

Chorus

This life it is your only friend  
It's whispered in your ear  
In a voice it seems like ages  
You've been waiting so long just to hear  
And suddenly the mystery, and

Meaning become so clear  
Hold on yesterday's gone

Chorus

Oh, I really wanna know  
I really wanna know  
I really wanna know  
I really wanna know  
And I've got no choice  
Can you tell me, what's goin' on
