In this crazy world
You can prove that you can make it
If you're strong enough to take it
Still there will be times
When you find this life you're livin'
Is just takin' all your givin'

When you need someone to run to
The shelter of my love is always near
Oh, let me be your cover whenever darkness falls
I'll be there, I'll be there

Till the end of the line
(Till the end of the line)
You can count on me, baby, call me any time
(Count on me, baby)
When the night is fallin' hard
(When the night, fallin' hard)
Come on out of the rain and into my arms
(Out of the rain)

Run to me, to a love that's safe and warm
I'll be yours, baby, your safe place from the storm, oh
yeah

People in this world
Can be blind and so demanding
Show so little understanding
And in these desperate times
Seems like everything's deceivin'
There ain't much we can believe in

Let me be the one you come to
Show you one thing, trust is always here
Oh, let me be your cover whenever darkness falls
I'll be there, I'll be there

Till the end of the line
(Till the end of the line)
You can count on me, baby, call me any time
(Count on me, baby)
When the night is fallin' hard

(When the night, fallin' hard)
Come on out of the rain and into my arms
(Out of the rain)

Run to me, to a love that's safe and warm
(Safe and warm)
I'll be yours, baby, your safe place from the storm

(Run to me)
When those cold and troubled winds have found you
(Come to me)
And I'll wrap my world of love around you
I'll be your flame burnin' bright
Be the sunlight in your day
That'll take you through the night, baby

Till the end of the line
(Till the end of the line)
You can count on me, baby, call me any time
(Count on me, baby)
When the night is fallin' hard
(When the night, fallin' hard)
Come on out of the rain and into my arms
(Out of the rain)

Run to me, to a love that's safe and warm
(Safe and warm)
I'll be yours, baby, your safe place
I'll be yours, baby, your safe place
I'll be yours, baby, your safe place from the storm

There's the safe place from the storm
(Oh yeah, I'll be yours)
There's the safe place from the storm
(I'll be yours)
There's the safe place from the storm
(I'll be your safe place baby)
There's the safe place from the storm

Just call my name, call my name

Safe place from the storm
Safe place from the storm
Safe place from the storm
