Tonight I feel like a prisoner
On fire, waiting desperately
Denied, sentenced forevermore
Only your love can set me free

I search my heart is vain
To understand what I'm suppose to do, oh
Ain't never felt this way
But there was never anyone like you

Lover you've gotta save me
Oh, woman don't you drive me crazy
Lover you've gotta save me, believe me
You're the one, won't you come and save me, ooh

Inside, so deep in the heart of me
You've got this power, I just can't explain
In this life, this world of insanity
I'm at your mercy when you call my name

Something in your touch defies all reason
With you passion rules, oh
I never felt this much
But there was never anyone like you

Lover you've gotta save me
Oh, woman don't you drive me crazy
Lover you've gotta save me
You know that you're the one, won't you come and save
me

Take me through this fire, this raging wall of flames
Only you can break me from these chains

Lover you've gotta save me
Oh, woman don't you drive me crazy
Lover you've gotta save me, have mercy, you're the
one
Won't you come and save me, save me, ooh

(Save me, save me, save me)
Oh

(Save me, save me, save me, ooh)
(Save me, save me, save me)
Come along and rescue me
(Save me, save me, save me)
Rescue me

(Save me, save me, save me)
(Save me, save me, save me)
Save me, save me, save
(Save me, save me, save me)
