"The Spirit Of American"

Visit "[The Spirit Of American](#)" on MotoLyrics.com

The spirit of American, the spirit of the skies
It's standing tall for all to share wherever freedom
flies.
It stretches out across the hills and streams, over every
mountain high,
And turns the prairies into fields of dreams
When you reach for lofty places, when you soar through
open spaces,
what your heart and soul embraces in the sky.
The spirit of American, the spirit of the skies.
It's standing tall for all to share wherever freedom
flies.
The spirit of American, the spirit of the skies
It's standing tall for all to share wherever freedom
flies.
It's standing tall for all to share wherever freedom
flies.
(Something special in the air).
The spirit of American, the spirit of the skies.
That's where freedom flies.
