Well, I could be persuaded, yes I could
Ask me very nicely if I would
Wait to get an answer (and you will)
Wait a little longer 'til you get my bill.

Time is of the essence, all in all
Catch me at my weakest, up against the wall
Of good intentions, which were mine
When you didn't like it I was out of time.

Don't go to extremes, no no
Don't go to extremes.

Just meet me in the middle.

Give a little credit where it's due
You know that I would always do the same for you
And all I wanted was to hear it said
I wasn't gonna let it go to my head.

Don't go to extremes, no no
Don't go to extremes.

Just meet me in the middle
That's all I ask
Meet me in the middle
Is it such a task.

Halfway wrong, halfway right
Halfway left and then out of sight
Out of mind, out of line

I was all lined up like a sitting duck
So come on, well come on.

Ooh!

Meet me, meet me
Meet me in the middle
Why don't you meet me in the middle
In the middle of the road.

Never did expect to feel this way
Never did intend it turning out this way
Never meant you harm, not a single thought
Never was malicious and look what I got.

Every accusation that was thrown on me
Based on no foundation and you just don't see
Lest you think we've gotten to the very end
Well, everything that goes around comes around
again.

Don't go to extremes, no no
Don't go to extremes
Don't go to extremes, no no
Don't go.

Meet me in the middle
Why don't you meet me in the middle
In the middle of the road
Well, meet me in the middle
Middle, Yeah yeah.

Just meet me in the middle
That's all I ask
Meet me in the middle
Is it such a, such a task (Meet me in the middle).
