This is the story of my life  
Somebody's little girl to someone else's wife  
What happened in between  
Is the dying of a dream  
And that's the story of my life

This is how I spend my day  
Wake up with the light and watch it fade away  
What happens in between  
Still remains to be seen  
And that's how I spend my day

Do ya wanna hold me down?  
I can look up with my head to the ground  
And if that's all that you can do  
To try to get to me  
Well then I'll see you around  
I'll see you around

Na na na na na na na na na  
Na na na na na na na  
Na na na na na na na na  
Na na na na na na na na

So how the hell do you sleep at night  
I open all the windows  
and keep my eyes shut tight  
I'm shooting in the dark  
but i never miss my mark  
I sleep very well at night

Do you wanna hold me down  
'Cause I can see the stars with my head to the ground  
And if that's all that you can to  
To try and get to me  
Well then I'll see you around  
I'll see you around  
Na na na na na na na na na  
Na na na na na na na  
Na na na na na na na na  
Na na na na na na na na

Na na na na na (and I'll see you around)  
(I'll see you around)  
Na na na na na na na na
