Tell me

One more time the reason why you must leave

Tell me again why you think you don't need me

Tell me again but don't think you'll convince me.

You said

About fallin' in love again you'd rather be dead

When somebody breaks your heart you cry your eyes

red

There's nothin' so hard about the life that you led.

As far as I can see there's no reason for goodbye

Cause you're just runnin' scared and that's something I
won't buy.

So you lose

I won't let you go and nothin' to show but more blues

And all this talk about leavin' is strictly bad news

You settle down and stay with the girl who loves you.

As far as I can see there's no reason for goodbye

Cause you're just runnin' scared and that's something I
won't buy.

So you lose

I won't let you go and nothin' to show but more blues

And all this talk about leavin' is strictly bad news

You settle down and stay with the girl who loves you.

You settle down and stay with the girl who loves you

You settle down and stay with the girl who loves you

You settle down and stay with the girl who loves you.
