Nobody's home  
Drive downtown to this bar I know  
Drinking alone  
Won't get me where I want to go  
In a smoke filled room  
There's people playing pool  
Everything's gonna be all right  
I know, it's OK  
Tomorrow's gonna be an even better day

On Second Street  
There's a cafÃ© where I like to eat  
The waitress there  
She's always been real good to me  
But it's not enough  
I can't feel or touch  
Everything's gonna be all right  
I know, it's OK  
Tomorrow's gonna be an even better day
