You say you're gonna come by later but ya never come by

Then you follow with a phone call tellin' me a thousand reasons why

I've been a fool and I know

I feel you slippin' away and I don't wanna end up alone

I've always big the bigshot pushin' everybody else around

I think I learned my lesson now, it's me who's fallin' down

My heart is hurtin' from the jealous state I'm in

Won't you give me a chance to start all over again

Cuz that's the nature of the beast, keepin' up the male persona

That's the nature of the beast, keepin' up my status quota

Now the nature of the beast wants to give love and affection

Oh, the nature of the beast who doesn't want to end up alone

Thought my innocent face could hide my dark, elusive eyes

But now I think I know I'm commitin' an emotional homicide

Leavin' you alone had to be the worst thing I could do

Cuz look at me now, runnin' around like a fool

Yeah, that's the nature of the beast, keepin' up the male persona

That's the nature of the beast, keepin' up my status quota

Now the nature of the beast wants to give love and affection

Oh, the nature of the beast doesn't wanna end up alone

Oh no!

Don't wanna be alone!

Minute, minute, minute by minute, every second starts to cut

The longer I wait, I just get that more heated up
I gotta get you back if it's the last thing that I do
I'll change anything, I just can't live without you

Cuz that's the nature of the beast, keepin' up the male
persona

That's the nature of the beast, keepin' up my status
quota

Now the nature of the beast wants to give love and
affection

Oh, the nature of the beast doesn't wanna end up alone

That's nature of the beast, keepin' up the male persona

The nature of the beast, keepin' up my status quota

Now the nature of the beast wants to give love and
affection

Oh, the nature of the beast doesn't want to end up
alone
