Way back when we started
There was a part of me that knew
One day there'd be heartache
and I would lose myself to you

And I walked all night
Lost in the silent city lights
Thinking of you
Wondering will I lose my mind?

After all I'm excited
that you're in my life again
After all I'm delighted
To be back when we begin
I believe that you can fall in love with me again
And we'll both be standing tall after all

Way back when we started
There was a part of you that knew
I was all that you wanted
But only shadows filled the room
I was lost all right
Lost in the sleepless empty nights
Dreamin of you
And in those dreams you were mine

After all we're united
Yeah you're in my arms again

After all I'm delighted
Cause we're lovers and we're friends
I believe that I can
Fall in love with you again
And I'll catch you when you fall
After all

I was lost allright
Lost in the sleepless empty nights
Dreamin of you
And in those dreams you're still mine

After all I'm excited
that you're in my life again
After all I'm delighted
To be back when we begin
I believe that you can fall in love with me again
Cause I love you.
I'll catch you when you fall
Oooh we're united
And we've made it after all
And we'll both be standing tall
after all
