Don't be a baby, Baby
By the love that pass you by
But if you have to, Baby
Go ahead and have your cry
I'll be your baby, Baby
Truer than the one you knew
And someday maybe, Baby
You will learn to love me too

Don't be a baby, Baby
By the love that passed you by
But if you have to, Baby
Go ahead and have your cry
I'll be your baby, Baby
Truer than the one you knew
And someday maybe, Baby
You could learn to love me too

Don't be a baby, Baby
By the love that passed you by
But if you have to, Baby
Just go ahead and have your cry
For I'll be your baby, Baby
Truer than the one you knew
And someday maybe, maybe, sweet baby
You could learn to love me too
You could learn to love me
