Down with love, the flowers and rice and shoes
Down with love, the root of all midnight blues
Down with things that give you that well-known pain
Take that moon and wrap it in cellophane

Down with love, let's liquidate all its friends
Moon and June and roses and rainbows ends
Down with songs that mourn about night and day
Down with love, just take it away, away
Take it away, Take it away
Give it back to the birds, and the bees and the V and
E's
Down with Eyes romantic and stupid
Down with signs, down with Cupid
Brother let's stuff that Dove
Down with love
Oh let's go

Down with things that give you that well-known pain
Take that moon and wrap it in cellophane
Down with songs that mourn about night and day
Down with love, take it away, away
Take it away, Take it away
Give it back to the birds, and the bees and the V and
E's

Down with Eyes romantic and stupid
Down with signs, down with Cupid
Brother let's stuff that Dove
Brother let's stuff that Dove
Brother let's stuff that Dove
Down with love
Down with love
Down with love
Down with love
