Never been in trouble,  
I never got hurt.  
Never had to struggle,  
I never had to work hard for anything before  
believe me!  
Lord, I've got it easy!

I feel guilty a little,  
I've been given so much  
People are dying in the dark  
while I'm lying in the sun  
And I sleep like a baby every night  
It seems I'm having the sweetest dreams!  
I can say honestly, I got it easy!

Now I'm not trying to brag about it  
Just wanna say I appreciate it completely  
And when I'm acting a fool,  
you're never cruel to me!  
I got it easy, yeah, yeah, oh, oh, yeah, yeah!

It probably isn't much fun to be alone  
I wouldn't know, cause I've got you here,  
keeping me afloat  
And when I'm lost,  
you set me straight  
Sometimes I need it  
You raise me up, babe!  
I got it easy!
